Have Your New Flooring Installed Through Lowe's

We can make your flooring installation a breeze. A Professional Independent Contractor will begin the process with a project assessment.

Here's What to Expect:

- ✓ You will receive an email from Lowe's and a call from an independent contractor within 48 hours of your scheduled measure appointment. If you need to cancel or reschedule please contact your local store.
- ✓ Before the independent contractor arrives, they'll confirm your measurement appointment and arrival time based on the time frame you selected.
- ✓ An Independent Contractor will complete the measure for the flooring surface type you have selected. Selecting product prior to the assessment will ensure that your quote is returned quickly.
- ✓ The Independent Contractor will complete forms and send them back to Lowe's.
- ✓ Next, an associate will contact you to finalize your product selection, if not already selected before the assessment, and will then complete your flooring estimate.
- ✓ Once the quote has been accepted, and products and services purchased, the independent contractor will contact you to schedule the installation when product becomes available.

Prioritizing Safety Before and During Your Job:

- Before arriving, all independent PROviders required to pass a daily health screening
- Pre-call to confirm installation and review safety steps
- Wear Personal Protective Equipment (PPE appropriate to work area interior, exterior)
- Practice social distancing
- Sanitize work area and tools on each job

Partner with Lowe's for all of your installation needs!

Professional Independent Contractors who are background checked, licensed (where applicable) & insured

Labor is Guaranteed & backed by a minimum 1-year warranty

Special Financing Options* to fit your budget and your project

*Subject to credit approval.

BEFORE YOUR APPOINTMENT

- Please put away any pets. It will help the installer take measurement efficiently and accurately.
- A responsible party over 16 must be available and present during the entire appointment.
- Have any project questions ready for the installer to note or answer for you at the time of measure (for example, talk through the flooring type desired for the room as well as humidity and moisture questions you may have). Note that the installer will not have samples or an in-home presentation, but rather they'll just be completing the measure.
